7.3 Nothing herein shall be construed to limit the Union’s lawful rights to determine and enforce regulations regarding acquisition of, and retention of, membership of the Union.

7.4 The Company shall incur no liability in connection with the administration of this Article.

7.5 Employees who are not members of the Union may voluntarily elect to pay amounts equal to union dues (hereinafter “dues equivalent amounts”), except during any period that, by Union rules or actions, dues payments are suspended or not enforced for regular members of the Union.

7.6 The Company shall make collection of union dues or dues equivalent
amounts through payroll deduction upon an authorization in writing, signed by the employee, and shall pay monthly to the designated representative of the Union the total amount thus deducted. Authorizations by employees for such deduction shall be on a form to be supplied by the Union. All deductions shall be made monthly from the wages paid to employees.

7.6.1 Cancellation by an employee of such written authorization for payroll deduction shall be in writing signed by such employee; and, upon receipt thereof, the Company shall honor any such cancellation. An employee’s authorization shall be deemed automatically cancelled if the employee leaves the employ of the Company or is transferred, or promoted, out of the bargaining unit.

Under no circumstances, however, will deductions be made for more than one month’s dues or dues equivalent amounts in arrears.

7.6.3 Each month the Company will furnish the authorized representatives of the Union with a list of all employees for whom payroll deduction has been made, showing the amount of each such deduction, a list of names of employees canceling their dues or dues equivalent amounts, and a list of names of those who had insufficient pay and for whom no dues or dues equivalent amounts were deducted. The list will also show name changes, new employees hired, and employees who have left the service of the Company.

7.6.3.1 The cost to the Company of furnishing such information shall be paid by the Union.

7.6.4 It is understood that the Company will not be liable or assume any responsibility except to deduct and forward such deductions to the Financial Secretary of the Union. The Union agrees to hold harmless and indemnify the Company against liabilities resulting from the process of dues/fees collection from employees and subsequent transfer to the Union.

7.7 If an employee who is obligated to pay union dues or who has voluntarily elected to pay dues equivalent amounts fails to comply with the preceding provisions, the Union shall advise that employee, by certified letter with a copy to the appropriate Human Relations Manager, that, if the employee does not pay or arrange to pay the arrears within 30 calendar days after receiving the letter, the Union will request the Company to terminate that
employee. If the employee has not complied by the end of the aforesaid 30 days, the Union will notify the appropriate Human Relations Manager who shall give the employee a further 15 calendar days’ notice. If at the end of the aforesaid 15 days the employee has still not complied, the Union shall advise the appropriate Human Relations Manager in writing and that employee shall be terminated.

ARTICLE 11. GRIEVANCE PROCEDURE

11.1 A grievance is a complaint by an employee or group of employees, for whom the Union is the bargaining agent, involving an alleged violation or interpretation of any provision of these Agreements. All grievances shall be submitted in writing and contain a clear, concise statement of the alleged violation, refer to the Contract provision allegedly violated, and identify and be signed by the aggrieved employee or employees.

11.2 Informal Verbal Issue Resolution Step

The immediate supervisor shall explore and discuss the employee’s stated problem with the union steward and shall render a verbal decision within three (3) work days. The supervisor and steward should determine a meeting date within two (2) business days of the initial contact by the steward or the steward will automatically initiate the formal grievance.
11.2.1 It is the mutual interest of the Company and the Union to have potential grievances settled prior to the need for a formal written grievance. Accordingly, an informal Issue Resolution Meeting will be requested with the immediate supervisor within thirty (30) calendar days after the event giving rise to the grievance (15 days for disciplinary actions including termination). Any resolution reached shall be final and shall not be considered precedent setting.

11.2.2 The employee and the Union steward may appeal to the first (1st) formal step of this procedure, provided notice is given to management within five (5) work days after such verbal decision.

11.3 Formal grievances shall be submitted by an authorized Union representative to the second (2nd) level of management and a meeting will be held within seven (7) calendar days. The Company shall give a written answer within seven (7) calendar days of this meeting.

11.3.1 Meeting(s) may be waived by mutual consent of both parties.

11.4 If the grievance is not satisfactorily adjusted under the provisions of Section 11.3, the Union, through its Business Manager, may appeal the decision to the Human Resources Manager or a designated representative within ten (10) calendar days of the date of the Company’s first written answer. Upon presentation of the grievance to this level, the Company shall arrange a meeting within fourteen (14) calendar days with the Union for the discussion of the grievance. The Company will, within fourteen (14) calendar days of this meeting, forward to the Union its written answer based upon the meeting and discussion therein.

11.5 Nothing in this Article shall prevent an employee or group of employees from presenting grievances directly to the Company. If, however, any grievance presented by an employee or group of employees involves a question of interpretation or application of these Agreements, which upon determination may establish a precedent, or a question involving a matter appropriate for collective bargaining, the Company shall immediately notify the Business Manager of the Union, and he/she shall be entitled to be present and participate in the discussions and disposition of such grievance.

11.6 Once a grievance has been presented by the Union to the Company, representatives of the Company shall not discuss the grievance with the aggrieved employee or employees except in the presence of an authorized representative of the Union.

11.7 The time period specified in this Article may be extended or modified by mutual consent.
11.8 No grievance shall be eligible for handling hereunder unless proceedings to that end shall be begun within thirty (30) days after the event out of which such grievance shall have arisen, with the exception of disciplinary action including termination.

Grievances involving disciplinary action including termination shall not be eligible for handling hereunder unless proceedings to that end shall be begun within fifteen (15) days after the event out of which such grievance shall have arisen.

11.8.1 In the case of a grievance involving an error in an employee’s pay which resulted from incorrect application of the wage schedule or basis of compensation Articles of these Agreements, and which neither the Union nor the employee became aware of until a date within thirty days of the filing of the grievance, any wage adjustment to be made shall be governed by the following:

11.8.1.1 If the error involved an error in the employee’s hourly rate which continued in effect until a date within thirty days of the filing of the written grievance, adjustment shall be made for the entire continuous period during which the incorrect rate was in effect.

11.8.1.2 In any case other than described in Paragraph 11.8.1.1 above, no adjustment in wages shall be made.

11.9 For the purpose of counting days or time periods within the grievance article and the following article concerning arbitration, the first day counted shall be the first calendar day following the day upon which the event occurred which is the basis of taking such action.

11.10 Should it be necessary for an employee to be temporarily relieved of duties in connection with grievance processing, the immediate supervisor shall be notified as to the nature of business to be transacted and the approximate time necessary. Since certain schedule problems may exist, as much advance notice as possible should be given. Said employee shall suffer no loss of pay.

An employee may be excused for other union business at the request of the Union Business Manager or the Union Business Representative, should the needs of the Company permit. Such requests will normally be made to the Company seven (7) calendar days prior to the day(s) for which the employee would be excused. Such time off would not be paid for by the Company.
ARTICLE 12. ARBITRATION

12.1 Only grievances which resulted from an alleged violation of the provisions of these Agreements which the parties are unable to settle by the use of the grievance procedure herein contained may be submitted to arbitration. Request for arbitration to the American Arbitration Association (with a copy to the Company) must be made in writing within thirty days after the date of the Company’s final answer on the grievance.

12.2 Selection of the arbitrator and conduct of the arbitration shall be conducted under the existing rules of the American Arbitration Association unless mutually waived by the parties.

12.3 All proceedings under this Article shall be started and carried to conclusion as expeditiously as possible.

12.4 Each party shall bear the expense of preparing and presenting its own case. The compensation and expenses of the arbitrator and the incidental expenses of the arbitration proceeding mutually agreed to in advance shall be borne equally by the Company and the Union.

12.5 The decision of the arbitrator shall be binding upon both parties and shall conclusively determine the dispute being arbitrated.

12.6 The arbitrator shall not have authority to add to, subtract from, or modify any provision of these Agreements, nor to rule on any question except the ones submitted for arbitration.

ARTICLE 13. CONTRACTING WORK

13.1 Nothing in this Agreement shall be construed to limit the Company in the employment of such contract labor as in the discretion of the Company may become necessary for the proper construction, installation, maintaining and support of communication facilities owned, served and/or operated by the Company for the rendition of proper and adequate communication service to the Public. The Company shall not, however, enter into any contractual arrangement for the construction, installation, and current maintaining and support of communications facilities as may result in the layoff and/or part-timing of its employees customarily performing work of the same nature as that to be provided under the contractual arrangement.

13.1.1 If an employee is on layoff status, the Company will not contract out that employee’s normal work functions in their headquarters, e.g., if a Sales and Service Technician II is on layoff in Fort Wayne, the Company could not contract out work functions normally performed by Sales and Service Technician II’s in the Fort Wayne headquarters.
13.2 It is understood that nothing in this Article shall be construed to obligate the Company to have any employee work more than the normal workweek because of the use of contract labor in any exchange or area.

**ARTICLE 14. DISCIPLINE OR DISCHARGE FOR CAUSE**

14.1 It is mutually agreed by the parties hereto that nothing in this Agreement shall restrict the right of the company to discipline or discharge an employee where such employee's efficiency, conduct, attendance, application or discharge of assigned duties are below the required standard; provided, however, that cases involving discipline or discharge from the Company may, at the request of the Union, be subject to review under the procedure set forth for the handling of such differences as provided under the Grievance Procedure and Arbitration Articles of this Agreement, except that cases involving probationary employees may not be submitted to arbitration.

14.2 The Company shall not initiate any disciplinary action against any employee for whom the Union is the bargaining agent after the expiration of (a) thirty days after the act was committed, or (b) ten (10) working days after the date on which the Company completes its investigation of the act, whichever is later. The Company will seek to initiate and conclude the disciplinary investigative process as expeditiously as possible under the given circumstances. Upon request from the Union with regard to a specific disciplinary investigation, the Company will provide an update of the status of the investigation.

14.3 The Company shall give the Business Manager of the Union written notification of the name of each discharged employee within five working days after discharge.

**ARTICLE 15. SENIORITY**

15.1 Employees shall have Bargaining Unit seniority based on the most recent date of employment by Frontier North Inc. or its predecessors, less deductions for leaves of absence.

15.1.1 Bargaining unit seniority reconciliation for employees with the same employment date shall be determined by the birth date of the employees, the oldest being the more senior.

15.1.2 Where bargaining units within IBEW Local 723 have mutual reciprocity, Bargaining Unit seniority will be portable.

15.1.3 Effective January 21, 2001, employees of Frontier North Inc. within the bargaining unit, will be grandfathered with their existing seniority date as their bargaining unit seniority.
15.1.4 Except as provided in Section 15.1.4.1, employees who leave the bargaining unit and return, and have no break in their employment with a Frontier Company of Indiana, will have the seniority held at the time they left the bargaining unit, immediately added when they return to the bargaining unit.

15.1.4.1 Employees who leave the bargaining unit for a management or exempt position and subsequently return to the bargaining unit will have prior bargaining unit seniority added after having been re-employed in the bargaining unit for a period of six (6) months.

15.2 The extent to which Bargaining Unit seniority shall govern in the case of assignment of vacations, promotion, or reclassification within work groups, assignment of hours, layoffs, and recall after layoffs shall be in accordance with the Articles covering these matters.

ARTICLE 16. SELECTION OF WORK SCHEDULES

16.1 Seniority in the assignment of Hours-Days Schedule and reporting locations shall apply as follows:

16.1.1 When the Company determines that a reporting location position needs to be filled within a specific job classification in a headquarters, it will be filled using an internal job posting system. The position will be posted at all reporting locations within the job classification and headquarters for a period of fourteen (14) days and will be filled by the most senior employee (except Switching Services) in the job classification who has submitted written notification to supervision.

16.1.1.1 If no employee submits written notification, the Company may move the least senior employee in the job classification and headquarters not presently at the location or leave the position vacant.

16.1.1.2 When a job posting is required for the position of Network Technician, the words "most senior" or "least senior" shall always be followed by the word "qualified." A Network Technician who moves to a new reporting location will be expected to remain at the new location for a period of eighteen (18) months unless the time requirement is waived by mutual consent - (see also Lateral Board – Network Technician MOA).
16.1.2 Every thirteen (13) weeks, the Company shall provide an Hours-Days Schedule showing work schedules for each job classification at each reporting location for employees with more than 24 months of seniority. Such Hours-Days Schedule will be prepared for each reporting location and show the hours and days applicable to individual work schedules at that location.

16.1.2.1 Only employees with more than 24 months of seniority will be accorded a choice of Hours-Days Schedule in order of seniority. If Company requirements for maintaining experience and qualifications are not met, the least senior qualified employee will be assigned prior to the effective date for posting the new schedule. The employees’ bid of Hours-Days Schedule will be completed seven (7) calendar days prior to the effective date for posting of the new schedule.

The first schedule of the calendar year will be placed in effect the first full week of January in that year.

16.1.3 When the Hours-Days Schedule is vacated during the first ten (10) weeks of the 13-week schedule as a result of termination, promotion, reclassification, retirement, or military leave (active duty), and management determines the vacated schedule needs to be filled, management will post the schedule within seven (7) calendar days of such event so that employees in the affected job classification and reporting location, with more than 24 months of seniority may indicate within seven (7) calendar days their preference for such schedule. Assignments shall be made in accordance with Paragraph 16.1.1. If the experience and qualifications balance cannot be achieved within the reporting location, Paragraph 16.1.1.1 will apply. When the Hours-Days Schedule is vacated for any of the above reasons after the first ten (10) weeks of the 13-week schedule, and management determines the vacated schedule needs to be filled, the vacated schedule will be filled in accordance with the schedule change provisions in Section 16.2 of this Article.

16.2 The Company shall prepare weekly schedules showing hours and days by reporting location for all employees in a single job classification for the next week. The weekly schedule will be made available to employees no later than 4:00 p.m. Thursday of the preceding week. In addition, the weekly schedule for each named reporting location will be posted either electronically or at that location no later than 4:00 p.m. Thursday of the preceding week. The schedule shall indicate the hours and days which constitute the normal workweek. However, with forty-eight (48) hours notice, changes may be made in the posted weekly Hours-Days Schedule without premium penalty. When a schedule change is necessary, the
schedule to be changed will be that of the least senior, qualified employee which does not require backfilling.

16.2.1 Schedule Change Premium Penalty: Should the weekly Hours-Days Schedule be changed without forty-eight (48) hours notice, the affected employees shall be paid for the hours or days worked before or after the regular work schedule at a premium of one-half the regular rate. The premium penalty may be waived by mutual consent of management and the affected employee.

16.2.2 After weekly Hours-Days Schedules have been prepared and employees notified, an employee may exchange one or more work schedules with another employee within the same work group and reporting location, provided such an arrangement is made for compelling personal reasons and approved by the immediate supervisor(s) involved. The schedule thereby agreed upon to be worked by the employee(s) involved, shall be considered as scheduled for the purpose of determining payment for the hours worked. Total payment made by the Company shall not be increased as the result of changing the schedule.

16.2.3 An employee may request changes in a previously assigned Hours-Days Schedule to attend to matters of a personal nature provided approval is obtained before the day on which a change is desired. When such time off is made up during the same workweek, such time off will not be considered an occurrence of absence. Hours of make up time worked in the same workweek as the allowed time off will not be paid at the overtime rate and when the change is made at the employee’s request, the premium penalty indicated in Section 16.2.1 is not paid.

16.2.3.1 With management’s approval, an employee may elect to make up time outside of his or her normal tour during what would normally be Sunday or night premium time; however, the normal Sunday or night premium payment would not be paid.

16.3 The Company and Union agree that 16.2 and 16.2.1 apply only to changes in the weekly work schedule as posted. Working additional hours and/or days out of the basic schedule does not constitute a schedule change and premium referred to in 16.2.1 does not apply.

16.4 When a Craft (Construction, Service, Supply) or Clerical (Service, Supply) employee is reclassified to a different job classification, the employee shall be assigned to a reporting location and granted a choice on the thirteen week Hours-Days Schedule in accordance with the employee’s seniority at the next posting of that Hours-Days Schedule at that reporting location, such choice being subject to the employee’s ability to adequately handle
the work requirements of the particular tour selected.

16.5 Return to Work - Employees returning from leaves of absence and furloughs, and employees coming in by transfer without a change in job classification, shall be assigned to a reporting location and granted a choice on the thirteen week Hours-Days Schedule in accordance with their seniority at the next posting of that Hours-Days Schedule at that location, subject to the employee's ability to adequately handle the work requirements of the particular tour selected.

16.6 Employees who work 16 hours or more in a 24 hour period, prior to the start of their regularly scheduled tour, shall be allowed a rest period of eight (8) hours before returning to work. This rest period will not be considered an occurrence of absence.

ARTICLE 17. FORCE ADJUSTMENTS

17.1 If the Company determines that part-timing or layoffs, or both are necessary due to adverse economic conditions or other reasons, it may carry out a reduction of the work force among its employees within their respective job classifications and within their respective headquarters locations in accordance with the following conditions and in order of seniority, shortest to longest. The Union will be notified prior to the effective date of the layoffs or part-timing.

17.1.1 First temporary, then part-time employees with less than one year of seniority will be laid off by seniority, shortest to longest.

17.1.2 Full-time employees with less than one year of seniority will be laid off or part-timed by seniority, shortest to longest.

17.1.3 After layoffs are made in accordance with Paragraphs 17.1.1 and 17.1.2 and additional layoffs or part-timing is still required, employees with more than one year of seniority will be laid off or part-timed by seniority, shortest to longest. The company must notify the Union at least 15 days prior to any layoff or part-timing under this paragraph.

17.2 Employees who are identified under the provisions of Paragraph 17.1.3 as being individuals who will be laid off shall have the right to claim a job in a position filled by an employee having less seniority. The method of claiming other jobs and any restrictions to claiming them are specified in Paragraphs 17.3, 17.4, and 17.5.
17.3 Any employee who is to be laid off shall have the right to (a) claim a job in a classification in which that employee formally worked in this bargaining unit, or (b) claim another job in his/her department which is of essentially the same type of work he/she is performing provided; however, in the judgment of management, the employee is immediately capable of performing the new job and also provided the employee to be bumped has less seniority. An employee who is bumped from a position under the aforementioned provisions also may, if eligible, bump under the provisions of this paragraph.

17.4 If an employee is unable to claim a job under Paragraph 17.3, the following shall apply: Employees with more than one year of seniority shall be able to claim jobs which require less than one week of formal training except that the numbers of positions available in each classification will be established by the Company. The classification which contains positions requiring less than one week of formal training is Service Clerk. The Company will indicate the numbers of positions within each classification into which the employee may bump. The employees eligible to bump will do so in order of seniority provided they have the necessary qualifications to perform the job.

17.4.1 Employees with more than one (1) year of seniority who are bumped out of jobs under this paragraph may bump into jobs (in this bargaining unit) in which they formerly worked provided the employee is immediately capable of performing that job and the employee to be bumped has less seniority.

17.5 Employees who bump into jobs under Sections 17.3, 17.4, and 17.4.1 who are not immediately capable of performing the job will be laid off, with recall rights only for the job the employee held when the layoff occurred.

17.5.1 Employee(s) who self nominate into positions in lieu of bumping under Sections 17.3, 17.4 and 17.4.1, who are unable to perform the job, will be laid off without termination pay. The employee will have contractual recall rights for the job/classification from which the employee was originally force reduced.

17.6 An employee who is reduced two or more wage schedules will have his/her present wage rate frozen for a period of six (6) weeks. At the end of the six (6) week period, the employee’s rate of pay shall be reduced to the next lower wage rate of the new wage schedule.

**ARTICLE 18. RECALL AFTER LAYOFFS**

18.1 Employees who are laid off will be recalled in the same jobs or in other jobs which they are qualified to perform in order of seniority, highest to lowest.
18.2 The Company shall not hire any new employees until it has offered recall by a registered letter, mailed to the last mailing address known to the Company, to all employees laid off during the last two years in the same headquarters, provided that, in the judgment of management, the laid off employees have sufficient qualifications to fill the jobs the Company has open and provided that they have incurred no physical impairment that would prevent their performing the work.

18.2.1 If the Company elects to offer a job as a regular employee (in the same headquarters location) which is within or outside the bargaining unit to an IBEW represented employee, that employee must accept the job offered or be terminated.

18.3 It will be the responsibility of the laid off employees, who desire reemployment, to keep the Company informed as to their correct address and to advise the Company, within one week after the letter is sent by registered mail, of his/her acceptance of the job. The Company will assume that failure on the part of the laid off employee to notify the Company within the aforesaid week concerning acceptance of an offer of employment, or to report for duty within two weeks after accepting the job, constitutes a rejection.

18.4 Upon recall by the Company, laid off employees who are recalled within two years from the date of their layoff and who return to the Company shall be returned to the same seniority and accredited service status as held at the time of layoff. After two years, a laid off employee will be terminated and will not have any recall rights.

ARTICLE 19. PROMOTIONS AND RECLASSIFICATIONS

19.1 Seniority shall be given first consideration in a reclassification to a different job when the individuals being considered have substantially the same qualifications to efficiently and effectively perform the work.

19.1.1 An employee accepting a reclassification is required to work in the new classification for a period of time noted below, unless waived by management:

<table>
<thead>
<tr>
<th>Wage Schedule</th>
<th>Months</th>
</tr>
</thead>
<tbody>
<tr>
<td>A, 1, 2, 3</td>
<td>9 months</td>
</tr>
<tr>
<td>4, 5, 5A, 6, 6A, 6B, 7, U</td>
<td>18 months</td>
</tr>
<tr>
<td>8, 9, 10, 11, 12</td>
<td>30 months</td>
</tr>
</tbody>
</table>

19.1.1.1 The above time limits shall be waived for employees who are reclassified due to force adjustments to a lower wage schedule or from full-time to part-time.
19.2 In Accounting and Information Management, seniority shall be given consideration in promotions or reclassifications to a different job when the individual has the qualifications, including formal education (or its equivalent) and training to efficiently and effectively perform the work.

19.3 The Company reserves the exclusive right to make selections of employees for promotion to positions not covered by the Agreement.

19.4 The Company will provide the Union with notification of the successful candidate selected for jobs filled under the provisions of this Article.

**ARTICLE 20. TRANSFERS**

20.1 If an employee is transferred to another headquarters location either (a) at the request of the employee, or (b) at the request of the Company, and the new headquarters location is in a different wage group, the employee will receive wage treatment as follows:

20.1.1 If there is no change in job title, the wage rate will be adjusted to the wage rate for the same interval on the schedule of the new headquarters location.

20.1.2 If there is a change in job title, the title change is made at the old headquarters location and the wage rate is adjusted accordingly. Then the wage rate will be adjusted to the wage rate for the same interval on the wage schedule of the new headquarters location.

20.2 An employee may be transferred from one headquarters location to another if the transfer will not result in the demotion, layoff, or part-timing of employees in the headquarters location to which the employee is being transferred.

20.2.1 In the case of Company-initiated transfers, the Company first will give preference in order of seniority to qualified employees who are willing to accept the transfer. If no employee is willing to accept the transfer, the least senior qualified employee in the headquarters location who has the necessary qualifications will be transferred.

20.2.2 In the case of employee-requested transfers, where two (2) or more employees request the transfer, the most senior employee who has the necessary qualifications will be selected for the transfer.

20.2.3 Employees who are transferred at their own request or who transfer to avoid layoff, will pay their own moving expenses. The Company will pay the moving expenses of an employee who transfers at the
Company's request.

20.2.4 The decision of the Company in any of the foregoing factors will be controlling unless the Company is shown to have acted in bad faith.

**ARTICLE 21. OVERTIME**

21.1 It is recognized that employees may, on occasion, be required to work overtime unless prevented from doing so by compelling, personal reasons. Effective January 1, 2007, the method of distribution for overtime work shall be by seniority among employees within a classification and reporting location who are qualified to do the work to be performed.

21.1.1 All employees will be given the opportunity to place their name on an active overtime list or an inactive overtime list.

21.1.2 An employee may be added to the active and inactive overtime lists by written request to his/her supervisor. Such request may be withdrawn at any time by written request to his/her supervisor.

21.1.3 It is recognized that employees on the inactive overtime list may, on occasion, be required to work overtime when there are insufficient numbers to work from the active overtime list, unless prevented from doing so by compelling, personal reasons.

21.2 In Accounting and Information Management, Section 21.1 will apply by work group.

21.3 Overtime records shall be posted on bulletin boards no later than the fifteenth of the month following the month to which the record applies.

**ARTICLE 22. TOOLS**

22.1 The Company will furnish, without cost to the employees, all tools necessary for the safe performance of their duties.

22.2 Employees will be responsible for the proper use and care of tools furnished by the Company and will be held accountable for tools assigned to them. Employees will not be held accountable if lost or stolen due to Company’s failure to provide a secure place for storage.

22.2.1 Tools furnished to employees by the Company which become broken or worn out will be replaced by the Company upon presentation of the broken or worn out tools.
22.2.2 The Company may inspect tools at any time, and shall condemn from further use any tool which is found to be unsafe, and will arrange for repairs to any tool which is inoperable or malfunctioning.

22.3 For Vehicle Maintenance Technicians, Vehicle Maintenance Mechanics and Garage Attendants only, the company will furnish, without cost to the employees, all the tools necessary for the performance of their duties. Employees who are furnished tools will be held responsible for them.

22.3.1 Tool replacements will be made in accordance with the following:

22.3.1.1 Tools lost or stolen due to the employee's carelessness or neglect will be replaced at the employee's expense.

22.3.1.2 Tools that become broken or worn out will be replaced by the Company upon presentation of the broken or worn out tools.

ARTICLE 23. EXPENSE ALLOWANCE

23.1 Employees covered by this Agreement will be subject to work assignments at other than their normally assigned locations. These work assignments may be outside the jurisdiction of this Agreement and may be outside the operating area of Frontier North Inc. The assignments will be for the following reasons: (a) service requirements; (b) work of a project nature that exceeds the working capacity of the resident forces which necessitates such temporary shifts of personnel; and (c) for installation and/or maintenance of equipment outside the Frontier North Inc. service area.

23.1.1 The selection of employees for such temporary reassignment of work location shall be at the discretion of management, except that such assignments shall be rotated to the greatest extent possible among volunteers from the affected job classification. If the number of volunteers is insufficient, management will assign the least senior qualified employee(s).

23.2 By mutual consent of the employee and the supervisor, an employee may use his/her personal vehicle in lieu of Company paid travel time when assigned to work temporarily at another job location more than fifteen (15) but less than sixty (60) miles from his/her normal reporting location. Round trip mileage will be paid between the normal reporting location to the temporary job location.

23.2.1 When travel time is provided in Company vehicles, such mileage allowance does not apply.
23.2.2 For assignments zero (0) to fifteen (15) miles – no allowance for travel time or mileage.

23.3 An employee assigned to work sixty (60) miles or more away from his/her normal headquarters location will be allowed to travel on Company time and expense on the first trip to and the last trip from the assignment and be paid as follows:

   Meal Allowance: $32.00 per day
   Lodging Allowance: $55.00 per day

23.3.1 An employee who departs and returns to his/her normal headquarters location the same day in a Company vehicle will not receive mileage or allowances.

23.3.2 An employee who departs and returns to his/her normal headquarters location the same day in his/her personal vehicle will receive mileage but not allowances.

23.4 An employee assigned to a school location away from his/her normal headquarters location will be allowed to travel on Company time and at Company expense on the first trip to and the last trip from the school location. When an employee is authorized to stay overnight, the Company will arrange for clean, comfortable lodging and will pay the cost of such lodging. The meal allowance is $32.00 per day

23.4.1 Employees sent to one (1) day schooling, who are not authorized to stay overnight, will receive travel time and personal vehicle mileage, but not meal allowance. When travel time is provided in Company vehicles, such mileage allowance does not apply.

23.4.2 Employees electing to commute back and forth daily may do so on their own time and expense. Employees will receive personal vehicle mileage allowance from school to normal headquarters location as long as it does not exceed the cost of lodging and meal allowance. This option is not available when a Company vehicle is provided.

23.5 If the work/school assignment continues into a second consecutive week or more, the following rules apply:

23.5.1 If the assignment is less than 300 miles from the normal headquarters location, the employee will be paid under 23.3 or 23.4 for any nonscheduled days or may elect to return to his/her normal headquarters location on his/her own time in lieu of 23.3 or 23.4. The employee may utilize a Company vehicle or receive mileage for use of a personal vehicle.
23.5.2 For assignments of 300 miles or more, the employee will be paid under 23.3 or 23.4 for any nonscheduled days. In addition, the employee will be allowed to return to his/her normal headquarters location on Company time and at Company expense at the end of each four-week period in lieu of 23.3 or 23.4.

23.6 Whenever an employee is authorized by the Company to use his/her personal vehicle, the mileage allowance shall be paid in accordance with Company policy, but no less than the current IRS mileage rate.

23.6.1 When a mileage allowance is paid for the use of an employee's personal vehicle, it is intended to cover all the expenses incurred for operating the vehicle such as, but not limited to: gasoline, oil, and repairs.

23.6.2 When a mileage allowance is paid for the use of an employee's vehicle, the employee must have the minimum necessary liability limits on the vehicle used as required to comply with the Financial Responsibilities of the State.

23.7 When employee(s) are required to work continuously (overtime) three hours or more beyond the employee's normal tour ending, a meal period will be allowed. As work continuity requires, the meal period will be treated as paid work time whenever (a) the employee is requested to limit his/her meal period to thirty minutes or less, or (b) at the supervisor's direction, the employee is furnished a meal at the job site.

23.7.1 Whenever an employee requests and is granted permission to return home for a meal, the meal period will be taken on the employee's own time. Even though for other purposes, the overtime may be considered as being continuous with the ending of the normal tour.

ARTICLE 24. BRIDGING OF SERVICE

24.1 When an employee's employment with Frontier North Inc. has been terminated and thereafter the employee is reemployed by Frontier North Inc. and accumulates one thousand (1,000) hours of accredited service, then the break in the employee's employment shall be bridged and there shall be added to the one thousand (1,000) hours of accredited service, which has accumulated since the employee's reemployment, the period of all accredited service which the employee has previously accumulated with Frontier North Inc., provided each such prior accredited service equaled or exceeded one thousand (1,000) hours and provided the employee has not exercised a Frontier pension benefit or otherwise retired from a Frontier company. Official Company records shall be used for the
verification of all prior service.

24.1.1 Notwithstanding the provisions of Sections 9.1 and 24.1, employees who a) accumulated 1000 hours or accredited service with Verizon in Indiana prior to July 1, 2010; b) were during that time represented by IBEW 723 in Indiana; c) were hired by Frontier North Inc. into one of the local Indiana Appendices to the MIFA # 2 Agreement between July 1, 2010 and April 25, 2016; and d) accumulate 1000 hours of accredited service at Frontier North Inc., will have their accredited service with Verizon bridged with their Frontier North Inc. accredited service for purposes of calculating vacation allotments, short term disability benefits, termination pay benefits, and Income Security Plan benefits.

Former Verizon employees who were not employed by Frontier North Inc. on July 1, 2010, and were hired by Frontier North Inc. on or after April 26, 2016, will not be eligible to bridge their Verizon accredited service with their Frontier accredited service for any purpose.

24.2 The Accredited Service provisions of this local Appendix to the MIFA # 2 Agreement do not apply to the Frontier Communications Pension Plan (“Pension Plan”) and the Frontier Communications 401(k) Savings Plan (“FCSP”). For these Plans the determination of service (including the determination of bridging of service, if any) and application of service shall be governed exclusively by the terms of the Pension Plan and/or FCSP and shall not be subject to the grievance and arbitration procedures of this local Appendix.

ARTICLE 25. LEAVES OF ABSENCE

25.1 Authorized informal leaves of absence (furloughs) shall not be deducted from an employee's accredited service.

25.2 Absence beyond the first thirty calendar days of an authorized leave of absence will be deducted in computing an employee's accredited service.

25.3 Employees who are granted a leave of absence because of physical disability will be reemployed after they have recovered to the extent that they are able to resume full-time duties.

25.3.1 Employees inactive due to Long Term Disability are excluded from 25.3. Refer to the SPD on Long Term Disability for further details.
25.4 An employee who is granted a leave of absence for a reason other than physical disability will be reemployed at the termination of the leave (although not necessarily in the same job) if an opening exists and the employee has the necessary physical and mental qualifications to perform the job except as set forth in Section 25.5.

25.5 Any employee who accepts as primary employment a full-time paid position in Local 723 or the International IBEW Union (for a total of no more than twenty (20) years) shall, at the expiration date of the term(s) in office, be reinstated to the employee's former position including all seniority time and accredited service, provided the employee is qualified and able to perform the work. It is understood that in case of return(s) of such an employee, other employees below him/her on the seniority list will be demoted or laid off if necessary. No more than four employees (total - White Book, Blue Book, and South/Corydon Book) receiving a leave of absence for this purpose may obtain such leave of absence at one time.

25.6 Any full-time employee of a Frontier/GTE company in an IBEW bargaining unit who becomes a full-time employee of either IBEW or an IBEW local affiliate (a "Frontier/GTE-Union employee") shall be entitled to be on leave of absence status from Frontier. While on such leave status, the Frontier/GTE-Union employees shall continue to accumulate seniority and shall retain return rights to the bargain unit.

25.6.1 While on leave of absence status, a Frontier/GTE-Union employee shall accrue Accredited Service under the Frontier Pension Plan in which the employee actively participated while a bargaining unit employee until either:

a. The Frontier/GTE-Union employee ends his/her full-time employment with the IBEW; or a local affiliate: or

b. The Frontier/GTE-Union employee retires from Frontier or otherwise affirmatively relinquishes his/her leave of absence: or

c. The aggregate length of all such leaves of absence equals twenty (20) years.

25.6.2 In the event that any court of competent jurisdiction finds Article 25.6 to be unlawful, it shall be null and void as of the date of its execution, but Frontier and the IBEW will immediately negotiate in good faith to provide the most equivalent lawful benefit for Frontier/GTE-Union employees.
ARTICLE 26. TEMPORARY EMPLOYEES

26.1 Employees may be engaged on a temporary basis from time to time for a specific project or need (arising, for example, because of a resort season, technological change, etc.) or for the purpose of relieving regular employees who are absent due to sickness, leaves of absence, furloughs, or vacations. They may also be engaged for the purpose of augmenting the regular force to meet the requirements of the service that may be occasioned by resignations, dismissals, increased traffic loads, or any other condition which may bring about a force shortage. It is definitely understood that the employment of temporary employees is to terminate upon completion of the project or fulfillment of need.

26.2 After being classified as temporary for twelve (12) consecutive months, an employee will be reclassified as a regular employee.

26.3 Temporary employees shall receive the same wage treatment and consideration as regular employees covered hereby with the exception of the provisions of the following Articles and any other then current provisions or agreements (e.g., MOAs, LOIs, etc.) related to these Articles:

A. Article 16 (Scheduling);
B. Article 25 (Leaves of Absence);
C. Article 29 (Holidays and Holiday Premiums);
D. Article 30 (Vacations);
E. Article 31 (Short Term Disability);
F. MIFA # 2 Article 6 (Long Term Disability);
G. MIFA # 2 Article 7 (Health and Basic Life Insurance Benefits); and,
H. MIFA # 2 Article 8 (Retirement Benefits).

26.3.1 After six (6) consecutive calendar months as a temporary employee, the aforesaid exceptions A, B, C and D (Scheduling, Leaves of Absence, Holidays, and Vacations) shall not apply; however, exceptions E, F, G and H (Short Term Disability, Long Term Disability, Health and Basic Life Insurance Benefits, and Retirement Benefits) shall continue to apply.

26.4 It is not the intent of the Company to lay off regular full-time employees and return them to temporary status for the purpose of avoiding payment of benefits.
ARTICLE 27. INCLEMENT WEATHER

27.1 The Company recognizes that the nature of the work and the safety of the employees are important factors when assigning work during inclement weather. Continuous exposure to the elements during severe weather will not be required except in service emergencies such as to protect life, health, or property. Normal work assignments which require continuous exposure to the elements thus creating an unusual safety risk to the employee will not be required.

27.2 When the Company determines that a classification within a headquarters location is unable to effectively perform their work due to inclement weather and other productive work cannot be assigned, they will be paid in accordance with the following:

27.2.1 If employees report in person at their assigned reporting center, they will be paid a minimum of 4 hours.

27.2.2 If employees are sent out on the job and forced to discontinue their work, they will receive compensation for all hours worked, but not less than 4 hours.

27.2.3 If employees work into the second session, they will be paid for a full day.

27.2.4 The determinations listed in 27.2.1, 27.2.2, and 27.2.3 can be used by the Company only three (3) times in a calendar year.

27.2.5 The employee will be granted AT0 time for hours not paid under the above paragraphs or in lieu of the 4 hours minimum, the employee may elect to receive a day-at-a-time vacation or a floating holiday.

ARTICLE 28. BASIS OF COMPENSATION

28.1 Normal Workweek and Workday – Full-Time Employees:

28.1.1 A normal workweek consists of not more than forty hours within a calendar workweek and five eight-hour tours. This shall not be construed to constitute a guarantee of a minimum of forty hours of work per week. The extent to which Monday to Friday workweeks, and workweeks with two consecutive days off, can be scheduled is subject to service requirements and the overall needs of the business, as determined by the Company.
Exception: A normal workweek for Senior Construction Technicians and Construction Technicians consists of not more than forty hours within a calendar workweek scheduled on five consecutive days in one week, normally Monday through Friday, inclusive.

28.1.2 The schedule of hours and tours to be worked by employees shall be determined by the management of the Company, and changed from time to time to meet service requirements.

28.1.3 A tour of duty is a period of not more than eight hours divided into two parts, not necessarily the same length, normally separated by not more than one hour.

28.2 Normal Workday and Workweek – Part-Time Employees: Up to eight hours in any one day and normally less than forty (40) hours per week. Part-time employees must be scheduled one (1) day off each calendar week.

28.3 When management determines a need for non-consecutive work schedules (i.e., weeks, inclusive of the immediately preceding Saturday and immediately subsequent Sunday, without consecutive days off) within a classification and reporting location, schedules with designated weeks of non-consecutive days shall be distributed to the work group for selection by seniority.

28.3.1 An employee will not be scheduled for back-to-back non-consecutive work weeks, except when a schedule change is made to backfill a vacated schedule(s).

28.3.2 No employee in the work group may be required to work a non-consecutive schedule for more than three (3) weeks during a thirteen (13) week schedule.

28.3.3 Notwithstanding the provisions of 28.3.1 and 28.3.2, an employee may volunteer to work back-to-back non-consecutive work weeks, or more than three (3) non-consecutive work weeks, if he or she desires to do so.

28.4 There are two rates of pay for hours worked as follows:

28.4.1 Regular Rate: Basic rate plus differential, if any.

28.4.2 Overtime Rate: One and one-half times the regular rate.

28.5 The overtime rate is paid under either of the following conditions. (Any hours for which the overtime rate is paid shall not be considered to constitute a part of the normal workday or normal workweek except that work scheduled on Sunday will be considered part of the normal workweek.):
28.5.1 Hours worked in excess of eight in one day.

28.5.2 Hours worked in excess of forty in one calendar week provided the overtime rate has not already been paid under Paragraph 28.5.1 for the same hours.

28.6 Appropriate call-out pay to an employee will be determined by the following:

28.6.1 A full-time or part-time employee who has completed an eight-hour tour of duty and has left the Company premises may be called back to work. When this occurs, the employee shall receive a minimum of two (2) hours pay at the overtime rate for the call-out.

28.6.2 A full-time employee who is called out on a nonscheduled day shall receive a minimum of two (2) hours pay at the overtime rate for the first call-out. Should an employee be called out again, the employee will be paid a minimum of two (2) hours pay at the overtime rate for this and each succeeding call-out on the same day.

28.7 Call-out pay and overtime pay are not paid concurrently.

28.8 A premium consisting of one-half the regular rate of pay will be paid for Sunday work. Employees in the Fort Wayne Residential and Business Sales and Service Call Centers are not eligible for this premium.

28.9 Regular rates will be paid for all other hours worked except holiday time worked.

28.9.1 The following paid time items as referenced in the contract shall be considered as hours worked in determining overtime computations:

- Paid time not worked due to inclement weather (Article 27.2);
- Holiday time (29.1);
- Paid vacation time (MIFA # 2 Article 5: Vacation Time – General Provisions);
- Death in the immediate family (33.2);
- Time off for visit to company doctor (33.3);
- Jury duty (33.4);
- Witness time (33.5);
- Time spent with representatives of management to discuss grievances and complaints (33.6);
- Voting time (33.7).

In addition, time off for Military Reserve Training will be considered as hours worked for the purpose of computing overtime.

Otherwise, only hours actually worked shall be counted in determining when overtime shall apply.
ARTICLE 29. HOLIDAYS AND HOLIDAY PREMIUMS

29.1 The following days shall be observed as authorized holidays:

New Year’s Day  Thanksgiving Day
Memorial Day       Day After Thanksgiving Day *
Independence Day   Christmas Day
Labor Day          Floating Holidays – Seven (7) *

* During the 2012 calendar year, employees in the Retail Store(s), the Residential Sales and Service Center and the Business Sales and Service Center will recognize an eighth (8th) Floating Holiday in lieu of the Day after Thanksgiving. Effective January 1, 2013, employees in the Business Sales and Service Center, the Credit and Collections Center, the Plant Service Center, the Residential Sales and Service Center, and the Retail Store(s) will recognize an eight (8th) Floating Holiday in lieu of the Day After Thanksgiving Day. The Company will allow a minimum of 50% of each classification within the Plant Service Center to utilize this eighth (8th) Floating Holiday to take off the Day After Thanksgiving Day.

29.1.1 Floating Holidays are available to employees upon completion of six (6) months of continuous service with the Company or an affiliate company. The number of Floating Holidays available to employees who reach six (6) months of continuous service during a calendar year will be pro-rated based upon the number of full weeks remaining in the calendar year when the employee reaches six (6) months of continuous service, divided by 52. If this pro-rated number of days is a fraction of a whole number, the amount will be rounded to the nearest multiple of “.5”.

29.1.2 The Company will allow as many employees as possible, while still maintaining appropriate service levels, to schedule floating holidays on Christmas Eve (December 24) and New Year’s Eve (December 31).

29.1.3 Employees may take two (2) floating holidays in two (2) hour increments with supervisory approval.

29.2 When an authorized holiday falls on Sunday, it shall be observed on the following Monday, and in such a case the Sunday work shall be paid for at a premium of one-half (½) the regular rate, and the holiday pay shall be paid for the following Monday.

When an authorized holiday falls on a Saturday, it shall be observed on the prior Friday, and in such a case the holiday pay shall be paid on the prior Friday.
29.3 Employees who are eligible for floating holidays must bid the floating holidays at the same time and in the same manner as vacations. Refer to the Vacation and Floating Holiday Annual Bid Guidelines MOA, which expires on May 7, 2016.

29.3.1 Employees who become eligible for floating holidays after the vacation schedule has been bid will be allowed to select floating holidays on a first come, first served basis and subject to supervisory approval. Employees must provide notice to his/her supervisor of the day on which he/she wishes to observe the floating holiday by 5 p.m. Monday of the preceding week (the supervisor has the discretion to waive the 5 p.m. Monday deadline).

If a requested floating holiday is denied, the employee will receive a written response explaining the reason for denial.

29.3.2 Changes to previously scheduled floating holiday(s) will be made on a first come, first served basis, subject to supervisory approval. Employees must provide notice to his/her supervisor of the day on which he/she wishes to observe the floating holiday by 5 p.m. Monday of the preceding week (the supervisor has the discretion to waive the 5 p.m. Monday deadline). At the time the supervisor approves the floating holiday change, the employee must stipulate which previously scheduled floating holiday(s) are to be eliminated.

29.3.3 If, by October 15, one (1) or more employee(s) have still not scheduled one (1) or more floating holidays, management will provide the employee(s) a list of the available days remaining, and the affected employee(s) must select a day or days on that list to observe the remaining unscheduled floating holiday(s). This selection must be made before October 22 or the employee will forfeit any remaining unscheduled floating holiday(s).

29.4 Full-time employees, whether or not they are required to work on an authorized holiday or its observed equivalent ("holiday(s)"), shall be paid eight (8) hours at the employee's basic wage rate for the holiday, provided, however, that when a holiday falls on the employee's regularly scheduled day off, such employee shall be scheduled one (1) other day off in the same workweek.

29.4.1 In addition to the holiday pay provided for in Section 29.4, full-time employees working on an authorized holiday or its observed equivalent shall be paid one and one-half (1½) times the regular rate for each hour actually worked up to eight (8) hours. This payment shall be in lieu of any and all other premiums including overtime premiums.
29.4.2 Hours worked on a holiday in addition to eight (8) will be compensated for at the rate of two and one-half (2½) times the regular rate.

29.4.3 Call-out time worked on a holiday will be compensated for at two and one-half (2½) times the regular rate for a minimum of two (2) hours.

29.4.4 In no event will any payment made on a holiday exceed two and one-half (2½) times the regular rate.

29.5 The holiday pay for part-time employees (whether or not they are required to work on a holiday) will be computed as follows:

(a) the total number of hours worked by each such employee during the week in which the holiday falls

    divided by

(b) five (5)

    minus

(c) the number of holidays in any such week.

The result will be the number of hours of holiday pay at the basic wage rate that each such part-time employee shall receive for the holiday, not to exceed eight (8). (If a holiday falls within an employee's scheduled vacation, the prior week worked will be utilized to determine the amount of holiday pay.)

29.5.1 In addition to the holiday pay provided for in Section 29.5, part-time employees required to work on a holiday shall be paid one and one-half (1½) times the regular rate for each hour actually worked up to eight (8) hours. This payment shall be in lieu of any and all other premiums including overtime premiums.

29.6 Some employees will be required to work regular hours on holidays. In each such case, the holiday hours will be considered to be a part of the normal workweek.

29.7 No holiday premium pay or holiday pay will be made when an employee is absent without permission any part of the employee's last scheduled workday before the holiday or the employee's first scheduled workday following the holiday.

29.8 An employee who is scheduled to work on a holiday, but who is absent without permission for any part of his/her tour, will receive holiday pay computed by multiplying the number of hours worked by the employee within the scheduled tour by the employee's basic wage rate.
29.9 Holiday Pay to an employee on furlough, leave of absence, or absent because of accident or sickness immediately prior to the holiday will be governed by the following:

29.9.1 Furlough, leave of absence, or accident disability – no holiday pay.

29.9.2 Short Term Disability – an employee absent before a holiday because of Short Term Disability will receive holiday pay if all of the following three (3) conditions apply:

(a) The Employee will not receive Short Term Disability pay for the holiday;

(b) The Employee works at least one (1) full tour during the calendar week in which the holiday falls; and,

(c) Upon request the employee presents a physician’s report, prepared on a form prescribed by the Company, describing the nature of employee’s illness as detailed in Paragraph 31.8.

ARTICLE 30. VACATIONS

30.1 Vacations will be scheduled throughout the year in such a manner that standards of service may be maintained.

30.1.1 The Company and Union agree that employees on the same vacation bid schedule may trade vacations with the concurrence of management.

30.1.2 The Company and the Union agree that employees on vacation or floating holidays will not be called out for routine overtime assignments. For the purpose of this agreement, vacation is determined to be from 12:01 a.m. Sunday to 11:59 p.m. the following Saturday.

30.2 The vacation selection process will be administered in accordance with the “Vacation and Floating Holiday Annual Bid Guidelines” MOA.

30.2.1 Subject to service requirements, seniority shall be the governing factor in choice of vacation time for employees in each job classification and reporting location. Vacations for the following year will be bid prior to December 31 of the prior year.

30.3 Regular full-time and part-time employees may take, on a half-day or day-at-a-time basis, vacation time already bid, provided the employee notifies his/her supervisor by 5 p.m. Monday of the week preceding the week in which the employee wants the day(s) off and approval is granted. The
supervisor has the discretion to waive the 5 p.m. Monday deadline provided service is not affected or overtime created. At the time the supervisor approves a half-day or day-at-a-time vacation, the employee must stipulate which day or days, in an already bid vacation week, are to be eliminated as vacation day(s). Any half-days or full vacation day(s) remaining on a bid vacation schedule by 5 p.m. Monday of the preceding week must be taken as scheduled.

30.3.1 Employees requesting a half-day or day of vacation in writing who include their reason for requesting the day will receive a written response either allowing the day or explaining the reason for refusal.

30.3.2 Employees may use the half-day-at-a-time vacation benefit a maximum of one (1) week, i.e., ten (10) half-days.

30.3.3 Employees working a 10 hour/4 day workweek shall be paid five (5) hours for each half-day-at-a-time vacation taken. Employees on 4/10’s will not gain an advantage of vacation hours over someone on five (5) eight hour tours.

30.4 Vacations cannot be allowed to accumulate from year to year, but shall be completed each year.

30.4.1 Any full week(s) of carryover vacation permitted under MIFA # 2 Article 5, Section 3 (“Vacation Time – General Provisions”), will be scheduled according to Article 30, Section 30.2 and will be bid as part of the normal vacation schedule process. Any partial week(s) of carryover vacation permitted under MIFA # 2 Article 5, Section 3 (“Vacation Time – General Provisions”), will be scheduled according to Article 30, Section 30.3.

30.5 An employee who voluntarily resigns with proper notice, is laid off, or terminated will be paid for any unused vacation.

30.6 When a holiday falls in an employee’s paid vacation, the Company shall, in such cases, grant an additional day off with pay. Such day will be either the first scheduled workday following or last scheduled workday preceding that vacation period, at the employee’s option.

30.7 Vacation time off for part-time employees will be based on continuous service dates in accordance with the schedules provided for in MIFA # 2 Article 5, Section 1 (“Vacation Time – General Provisions”). However, payment to part-time employees for such vacation time off shall be pro-rated based on the average number of hours worked per week during the twelve (12) month period preceding the vacation time off. In no case shall vacation payment exceed forty (40) hours per week.
30.8 Employees who are reemployed at the termination of approved leaves of absence in excess of 30 days or recalled from layoffs shall not be eligible for a vacation until they have completed three months of accredited service following such reemployment and subject also to the provisions of 30.3.

Note: The first thirty days of an authorized leave of absence are not deducted from an employee's accredited service.

**ARTICLE 31. SHORT TERM DISABILITY**

31.1 Regular Full-time Employees with one (1) or more years of service shall be paid Short Term Disability benefits at basic wage rates, not to exceed 40 hours per week, for scheduled working days absent from duty when incapacitated by physical illness or physical injury (ruled not compensable by the Industrial Board of Indiana).

Work time lost when hospitalized or participating in intense out-patient therapy approved in advance by the Company (by a qualified physician for drug addiction and alcoholism and by a licensed psychiatrist for mental and emotional illness) is included provided the hospital (or intense out-patient therapy) is recognized as qualified under the Company's basic hospitalization insurance plan. (Exceptions such as hospitalization in a Veteran's hospital will be decided by the Company in line with the aforesaid intention.)

Any questions as to whether an employee is in fact incapacitated by physical illness or physical injury, or should be hospitalized or allowed a recuperative period for mental or emotional illness, shall be subject to concurrence by physicians, psychiatrists, psychologists, or other qualified specialists duly appointed by the Company.

31.1.1 Short Term Disability payments will be according to the following schedule and shall terminate when disability ceases and shall in no case extend beyond the periods hereinafter mentioned:

31.1.2 An employee, with management's approval, may have the option
of utilizing a vacation day(s) or floating holiday(s) to satisfy the above Short Term Disability waiting periods (column labeled “Payments Start On”). This option is not designed to circumvent normal vacation or floating holiday selection procedures.

31.2 Eligibility for Short Term Disability benefits shall begin on the scheduled Workday provided for in Section 31.1.1, except under the following circumstances:

31.2.1 The Short Term Disability waiting period under Section 31.1.1 (column labeled “Payments Start On”) will be waived and eligibility for Short Term Disability benefits will start on the 1st scheduled Workday of absence if the employee:

A. has no absence for personal illness or injury for the previous twelve (12) months; or,

B. is hospitalized on the first scheduled workday of absence; or,

C. has a surgical procedure performed in an outpatient surgical facility or hospital and the employee provides documentation of the surgical procedure performed.

31.2.2 An employee absent due to illness within fourteen (14) calendar days of the employee’s return to work from a previous illness, for which Short Term Disability benefits were paid, will not be required to undergo an additional waiting period in connection with the subsequent illness. Any approved Short Term Disability benefits on account of such subsequent illness will begin on the first (1st) scheduled Workday of such absence.

31.3 Successive periods of Short Term Disability shall be subject to the Short Term Disability waiting days outlined above (column labeled “Payments Start On”) and shall be counted together as one (1) period in computing the period during which the employee shall be entitled to the Short Term Disability benefits provided for in Section 31.1, except that any sickness occurring after an employee has been continuously engaged in the performance of duty for thirteen (13) weeks shall be considered as a new sickness or injury and not as part of any disability which preceded such period of thirteen (13) weeks. Any reported absent sick or off-the-job injury would interrupt this thirteen (13) week restoration period.

31.4 An employee’s length of service as of the first day of absence determines the length of the waiting period (column labeled “Payments Start On”) and the length of time for which benefits will be paid during that absence.

31.5 An employee who will be absent from work due to illness or injury must so notify his/her immediate supervisor as soon as possible after the employee
knows that he/she will not report for work. An employee who finds it necessary to leave work due to illness will be required to report to his/her immediate supervisor at the beginning of such absence. Failure to properly notify the immediate supervisor is sufficient reason to withhold Short Term Disability benefits.

31.5.1 An employee with more than one (1) year of service who is required to leave work due to illness shall be paid only for hours worked. The balance of the day shall be credited toward the waiting period.

31.5.2 If an employee wishes to leave town during a period when he/she is receiving Short Term Disability benefits, the employee will notify his/her supervisor of his/her intentions in advance. Failure to do so may result in the denial of benefits.

31.6 Short Term Disability benefits will not be granted to an employee after the employee has commenced a vacation or a leave of absence (and for this purpose, a vacation or a leave of absence will be considered to have commenced immediately after the termination of the employee’s last tour of duty worked), except for an eligible employee on a pre-disability leave of absence.

31.6.1 Employees on a pre-disability leave of absence who become disabled by the condition for which the pre-disability leave of absence was given will be granted Short Term Disability subject to the provisions of Article 31.

31.6.2 An employee who becomes ill during a paid vacation period and is unable to return to work on the date scheduled may be entitled to Short Term Disability benefits. In such a case, the date on which the employee was scheduled to return to work shall be considered as the first (1\textsuperscript{st}) scheduled Workday of absence due to Short Term Disability.

31.7 Upon request, employees who are receiving Short Term Disability will have their physician complete and forward to the Company’s STD Administrator a certificate outlining the nature of the illness. Payment of Short Term Disability benefits in such cases will be contingent upon the receipt of a satisfactorily completed certificate.

Employees should follow the instructions on filing for Short Term Disability benefits given to them by the Company.

31.8 In the event a bargaining unit employee obtains a judgment against a third party, which judgment provides for lost wages, and said employee is able to recover said judgment, including said portion attributable to lost wages, the Company shall then have a lien on the proceeds of said recovery from the third party as to the portion attributable to lost wages only, after deductions for all costs, expenses and attorney fees. The Company’s lien
shall not exceed an amount or percentage equal to the amount or percentage of total lost wages only (in the event that all wages are not awarded) awarded to and recovered by the employee. In no event shall the Company’s lien exceed the total amount (less applicable federal, state and local taxes) of Short Term Disability benefits paid to said employee by the Company’s Short Term Disability plan.

31.9 When Short Term Disability benefits are exhausted and an employee is unable to return to work, the employee may apply for:

31.9.1 Long Term Disability Benefits as specified in MIFA # 2 Article 6, “Long Term Disability”, and the MIFA # 2 Supplemental Long Term Disability Benefits MOA (which expire on May 7, 2016); and/or,

31.9.2 A leave of absence to maintain his or her employment; or,

31.9.3 A Disability Pension (provided the employee participates in the Plan for Hourly Employees’ Pensions).

ARTICLE 32. ACCIDENT DISABILITY

32.1 In cases of physical disability to work resulting from compensable accidental injuries while on the job, the Company will augment the payments the employee receives through Worker’s Compensation in the following manner:

32.1.1 For a period of thirteen weeks’ absence resulting from any one such accident, the Company shall pay the difference between the amount received from Worker’s Compensation and 90% of his/her basic pay.

32.1.1.1 Under no circumstances shall the above language ever result in a reduction of the employee’s basic weekly pay.

32.1.2 For the next thirty-nine weeks of absence due to the same accident, the Company will pay the employee the difference between the amount received from Worker’s Compensation and one-half of the employee's basic pay.

32.2 The payments mentioned in 32.1.1 and 32.1.2 shall be made on the employee's normal payday.
ARTICLE 33. ABSENCE – MISCELLANEOUS

33.1 Employees who are absent from work, whether for personal reasons or when incapacitated, must so notify their immediate supervisor as soon as possible after they know that they will not report for work. Failure to do so is sufficient reason to withhold sickness-disability benefits.

33.2 Death in the Family. When an employee is absent due to a death in the employee's family, payment shall be made as follows:

33.2.1 Three consecutively scheduled working days for the death of an employee's spouse, mother, father, son, daughter, brother or sister.

33.2.1.1 In extenuating circumstances, an employee may be allowed up to five (5) additional days off without pay with management's approval. Should this additional time be expected to be taken, the supervisor must be notified and approval must be granted prior to the employee leaving.

33.2.2 Two consecutively scheduled working days for the death of an employee's mother-in-law, father-in-law, stepmother, stepfather, stepchildren, grandmother, grandfather, grandchild, aunt, uncle, brother-in-law, sister-in-law or other relative of the employee who lived in the employee's household at the time of death.

33.2.3 Death in the family benefits will not be paid for any "step" or "half" relationships except as detailed in 33.2.2.

33.2.4 Should a death in an employee's family covered by this Section 33.2 occur during an employee's scheduled vacation, the employee will, upon request, be placed on bereavement leave. If the scheduled vacation time and the bereavement period coincide, employees may choose to take any of the remaining scheduled vacation time on their scheduled work day(s) that immediately follow the end of the bereavement leave, or subject to the applicable contract provisions on rescheduling vacation, may reschedule that time at a later date.

33.3 Visit to Company Doctor. When the Company requires a visit to the Company doctor, an employee will be excused from regular duty without loss of basic pay.

33.4 Jury Duty. Employees absent from their duties with the Company because of jury duty shall receive their basic hourly wage rate for scheduled time lost.

33.4.1 Employees engaged in jury duty shall, while temporarily excused
from attendance in court, report and make themselves available for work during scheduled time of one-half day or more, as circumstances reasonably will permit.

33.5 Witness. Employees absent from their duties to appear in court as a witness, under subpoena, shall be allowed a maximum of one day's absence with pay if they are not involved in the case in a manner discreditable to themselves or the Company. Payment shall be at the basic rate of pay for all hours the employee is required to be absent up to a maximum of eight (8) hours.

33.6 Union officers and representatives shall suffer no loss of basic pay for the time spent with representatives of management to discuss grievances and complaints. The company will pay up to three (3) Union representatives for reasonable time spent in bargaining a new labor agreement.

33.7 Voting Time. Upon arrangement for a time which will conflict the least with the requirements of the service, an employee entitled to vote shall suffer no loss of basic pay for reasonable time off to vote in any general, national, state, or county election. This will apply only to an employee who could not reasonably be expected to vote on the employee's own time.

33.8 Military Reserve Training. Regular full-time employees who attend military reserve training in the U.S. Armed Forces will be paid the difference, if any, between the total pay they receive from the government for the 14-day tour of duty and their basic wage rate for 10 workdays, provided the military pay is the lower of the two. This payment will not exceed 10 days in any calendar year. For the purpose of this contract, "Armed Forces" shall include the Army, the Air Force, the Navy, the Marine Corps, the Coast Guard, and the National Guard. Proof of pay received for reserve training must be provided to the Company.

ARTICLE 34. RELIEF PERIODS

34.1 A fifteen-minute relief period shall be granted or assigned to all inside employees for each scheduled four-hour tour worked; it shall be assigned not less than forty-five minutes from the start or end of each continuous period of work insofar as practicable.

34.1.1 It is recognized that the normal provisions for scheduled relief periods may not apply when only one person is on duty. In such instances, reliefs should be taken so as not to interfere with service requirements.
ARTICLE 35. WAGE ADMINISTRATION

35.1 Exhibit 1 includes the wage schedules which indicate the intervals at which employees covered hereby will be considered for wage increases and basic wage rates at given intervals. The basic hourly wage rate assigned to each employee shall be determined by the following:

35.1.1 Job classification.

35.1.2 Attendance, punctuality, ability, application, safety, and conduct, as well as quantity and quality of the employee's work.

35.1.3 Accredited service since the last merited progression increase.

35.2 It is recognized that cases may arise where it would be advisable for the Company to grant increases at intervals three months longer than shown on the guide for those employees who are not making satisfactory progress, or to grant increases at shorter intervals than shown on the guide for those employees who are making exceptional progress.

35.3 When an increase is granted or withheld, the employee's supervisor shall notify the employee of such action and in those cases where the increase is withheld, the supervisor shall inform the employee of the reason therefore prior to the date on which the increase would have been effective had it not been withheld.

35.4 When an employee is needed to work out of classification (within a headquarters location) in the job classification and reporting location affected, management will first take qualified volunteers in order of seniority, highest to the lowest. The temporary assignment of work will be offered every 20 workdays. If the number of volunteers is insufficient, management will assign the least senior qualified employee(s).

In situations where management needs to send employees out of their headquarters location to work, management will take qualified volunteers in order of seniority from the entire headquarters location. Such assignments shall be offered every 20 workdays. If the number of volunteers is insufficient, management will assign the least senior qualified employee(s).

35.4.1 When an employee performs work in the higher classification for a minimum of one hour, the employee's rate of pay will be adjusted to the next higher wage rate in the higher rated classification.

35.5 When an employee is reclassified from a lower to a higher wage schedule, the employee's rate of pay on the new wage schedule shall be adjusted to the next higher wage rate above the employee's present rate.

35.6 When an employee is reclassified from a higher to a lower wage schedule,
such employee at the time of reclassification shall be reduced to the next lower wage rate on the new wage schedule.

35.6.1 When an employee, in lieu of layoff, is reduced to the next lower wage in a lower wage schedule and within three years returns to the wage classification from which he/she was laid off, the employee will be returned to the same step that he/she was on at the time of layoff.

35.7 All wage progressions shall be based on the intervals in the wage schedules applying to the particular work classification in which the employee is actually working. The wage schedules are set forth in Exhibit I attached hereto and made a part of these Agreements.

ARTICLE 36. MISCELLANEOUS

36.1 It is agreed by the parties hereto that the provisions herein contained shall constitute all conditions of employment of the employees covered hereby; and the parties hereto further agree that no issue involving conditions of employment not covered herein will be raised for arbitration by either of the parties hereto during the term of these Agreements.

36.2 It is recognized that the employees are obligated to adhere to written Company practices which are not in conflict with these Agreements.

36.3 Nothing in these Agreements shall be construed to require either of the parties hereto to act contrary to any State or Federal law or regulation. In the event that any such condition arises, it is agreed that these Agreements shall be deemed to be modified in respect to either or both parties to the extent necessary to comply with such law or regulation.

COMPENSATED AVAILABILITY

In selected classifications and locations, where business needs exist, Compensated Availability will be established.

1. The election to participate in Compensated Availability will normally be voluntary on the part of the employee. However, where business needs exist, management may rotate employees in inverse order of seniority on Compensated Availability.

2. Employees on Compensated Availability shall normally be excused from overtime assignments other than “call-outs” involving critical or emergency services.

3. Such "Compensated Availability" shall be rotated among those qualified employees in the selected classifications and locations by seniority.
   a. No employee in a work group may be required to work Compensated Availability for more than three (3) weeks during a thirteen (13) week schedule.
   b. Notwithstanding the provisions of (a) above, an employee may volunteer to work more than three (3) weeks of Compensated Availability if he or she desires to do so.

4. Single assignment on a scheduled day, (8:00 a.m. to 7:59 a.m. the following day), shall be compensated at $20.00 per day. In the case of a non-scheduled day, (8:00 a.m. to 7:59 a.m. the following day), compensation will be $30.00 per day and for Holidays (8:00 a.m. to 7:59 a.m. the following day), compensation will be $35.00. In the case of a weekend only assignment coverage will be from 5:00 p.m. Friday to 8:00 a.m. the following Monday, and compensation shall be $70.00. In the case of a week assignment, coverage will be from 8:00 a.m. Monday to 7:59 a.m. the following Monday, and compensation will be $160.00 for the week. (Note: The increases to standby pay negotiated in 2012 MIFA # 2 negotiations will become effective no later than 30 days following ratification.)

5. Employees assigned to “Compensated Availability” must be reachable on their Company-provided cell phone and, in situations where cell service may not be available to an employee, the employee must provide the Company with an alternate telephone number where they can be reached.
6. If work is performed, the employee shall receive the minimum compensation referenced in Article 28.8 for each instance that they are called from home. In addition, the employee shall be paid overtime computed from the time the employee leaves home until returning home.

7. This practice does not supersede normal call-out procedures if additional employees are required to work.

8. Employees assigned to such duty must be available to promptly respond to a call out and accessible during the term of assignment in order to receive compensation.

9. When assigned "Compensated Availability" the employee may be granted permission where practical to take a Company vehicle home if not already participating in Home Dispatch. The employee shall exercise reasonable care for the security and safety of the vehicle and tools. It is understood the vehicle and tools are not available for personal use.

10. If "Compensated Availability" assignments conflict with the employee's personal calendar, he or she will be afforded the opportunity to trade days or weeks with supervisory approval. Solicitation of the trade will be the responsibility of the employee.

11. It is not the intent of this agreement to circumvent vacation or holiday scheduling, payment, premiums or overtime provisions.

12. When management is aware of a continuous need for “Compensated Availability” prior to the posting of the 13 weeks schedule, management will post a schedule allowing employees to voluntarily bid on available weeks of “Compensated Availability” in order of seniority.

CUSTOMER ENGINEER – DATA APPLICATIONS

1. Frontier North Inc. and the International Brotherhood of Electrical Workers, Local Union 723, agree to the provisions concerning the established classification of Customer Engineer – Data Applications set forth in this Memorandum of Agreement.

2. The Customer Engineer – Data Applications classification will be placed on IBEW wage schedule 12.

3. The Company may develop and implement incentive programs which will provide participating Customer Engineers – Data Applications the opportunity to earn cash, merchandise, and/or other awards based on performance in achieving objectives developed and administered solely by the Company. Employees will be responsible for any tax liability that arises out of participation in the incentive program.

   The company shall have the responsibility to establish the standards of the program. This is not subject to the grievance and arbitration procedure of the Agreement. However, administration of the program and/or disputes arising from the payment in accordance with the terms of the incentive plan is subject to the grievance and arbitration procedures. It is understood by the parties that there is no guarantee of incentive earnings under this plan.

4. In an endeavor to meet customer demands for service and ensure our continued success, employees may be assigned to a specific customer service order or sales contract. Customers who stipulate a particular Customer Engineer – Data Applications as a condition of their contract with Frontier North Inc. will be accommodated. Such accommodations may require call-outs, overtime, travel, etc. When an employee is required to travel, the Company will provide as much advance notice as possible.

5. Customer Engineers – Data Applications shall work where assigned by the Company and may cross any and all jurisdictional boundaries covered by the CBA between Frontier North Inc. and all unions. However, it is agreed that Customer Engineers from other Bargaining Units may not work within the jurisdictional boundaries of Local 723 unless all Customer Engineers who are members of Local 723 are unavailable and the total number of hours worked by employees from other bargaining units will not exceed the following: 500 hours times the number of Local 723 Customer Engineers up to a maximum of 2,000 hours per calendar year. Should, for any
reason, the number of hours exceed this number in a calendar year, the overrun would be deducted from the allowable number of hours for the next year. Hours of work, overtime, and premium pay and holidays will be in accordance with the provisions of the home CBA. Customer Engineers – Data Applications will be offered travel expenses under the school or expense provisions outlined in Article 23 of the CBA.

7. During the initial staffing of the Customer Engineer – Data Applications classification, IBEW bargaining members will be given consideration over non-bargaining unit employees. The parties agree that current employees who demonstrate the required job knowledge and aptitude through passing of the required tests will not be denied the position due to the lack of formal college degree.

8. Customer Engineers – Data Applications may be assigned to Home Dispatch.

9. This Memorandum of Agreement is effective upon ratification and shall expire on May 9, 2020. The parties specifically agree that the terms and conditions set forth in this Memorandum of Agreement shall terminate on May 9, 2020, and shall not survive the expiration of this Memorandum of Agreement, unless agreed to by the parties in writing.

DISPATCH CENTER REPORTING LOCATIONS  

In recognition of a desire to provide better recognition of seniority and additional flexibility in scheduling Dispatch Associates in the Dispatch Center located at the West Jefferson facility in Fort Wayne, IN (the “Dispatch Center”), the parties agree to the following regarding reporting locations in the Dispatch Center:

1. The Company retains the right to utilize a single or multiple (two (2) or more) reporting location(s) in the Dispatch Center.

2. As soon as administratively feasible following ratification of the MIFA # 2 Collective Bargaining Agreement (the “CBA”), the Company will establish six (6) reporting locations for Dispatch Associates in the Dispatch Center, as follows:

<table>
<thead>
<tr>
<th>Reporting Location</th>
<th>Primary Focus</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reporting Location 1 –</td>
<td>Michigan</td>
</tr>
<tr>
<td>Reporting Location 2 –</td>
<td>Indiana</td>
</tr>
<tr>
<td>Reporting Location 3 –</td>
<td>Circuits</td>
</tr>
<tr>
<td>Reporting Location 4 –</td>
<td>Dispatch Support (formerly the NDC First Shift)</td>
</tr>
<tr>
<td>Reporting Location 5 –</td>
<td>After Hours Dispatch Work (formerly the NDC Second Shift)</td>
</tr>
<tr>
<td>Reporting Location 6 –</td>
<td>After Hours Dispatch Work (formerly the NDC Third Shift)</td>
</tr>
</tbody>
</table>

Note: The creation of these six (6) reporting locations does not necessarily mean that the performance of any particular type of dispatch work will be exclusively reserved to any particular reporting location.

To the extent these six (6) reporting locations are first bid in the middle of a calendar year (outside the annual rebid process described in Section 3, below) the bid process will be as follows:

a. Reporting Locations 1, 2 and 3 will be bid in seniority order by all Dispatch Center employees who held the Dispatch Associate title on the date the MIFA # 2 agreement is ratified. Work schedules for these reporting locations will be bid concurrently.
b. Reporting Locations 4, 5 and 6 will not be rebid – the former NDC employees will remain in Reporting Locations 4, 5 and 6 for the balance of the calendar year (subject to any subsequent rebids as referenced in Section 4a, below).

3. Annual Reporting Location Rebid: All Dispatch Center reporting locations will be rebid annually, in order of seniority, by all Dispatch Associates in the Dispatch Center; this annual rebid should be completed no later than December 1 of each calendar year.

   a. Except as provided in Section 3a.(i) below, the annual reporting location rebid may not result in any reporting location having more than ten percent (10%) of the employees in that reporting location who are unqualified.

      (i) The first (1st) annual reporting location rebid following April 19, 2013, may not result in any reporting location having more than twenty percent (20%) of the employees in that reporting location who are unqualified.

   b. The effective date for movement from one (1) reporting location to another as a result of an annual reporting location rebid may vary, but will generally fall near the beginning of the first quarter of a calendar year.

   c. First quarter (13-week) work schedules for the calendar year under consideration will be bid concurrently with the annual reporting location rebid.

   d. Upon completion of the annual reporting location rebid, vacation schedules for the calendar year under consideration will be bid in accordance with the Collective Bargaining Agreement.

4. Changes to Reporting Location Structure: Reporting locations may be combined, added and/or eliminated at any time and as determined necessary by management based on management’s assessment of the needs of the business.

   a. Should there be a need to combine, add, and/or eliminate reporting location(s), the Company will give the Union 30-days notice prior to implementation of the new reporting location structure.

   b. To the extent seven (7) or more employees are affected by the new reporting location structure, the Company will conduct a general rebid of all reporting location(s) in the Dispatch Center, provided that this process may not result in any reporting location having more than ten percent (10%) of the employees in that reporting location who are unqualified.

5. Should it become necessary for the Company to temporarily assign one (1) or more employees from one (1) reporting location to another, such reassignment will
be considered a schedule change and such schedule changes will be administered in accordance with Article 16, Section 16.2.

This Memorandum of Agreement is effective May 6, 2012, and shall expire on May 9, 2020. The parties specifically agree that the terms and conditions set forth in this Memorandum of Agreement shall also terminate on May 9, 2020, and shall not survive the expiration of this Memorandum of Agreement unless agreed to by the parties in writing.

DRUG AND ALCOHOL POLICY

Frontier North Inc. ("the Company") and the International Brotherhood of Electrical Workers, Local Union 723, ("the Union") are committed to maintaining a work place that is safe and free from drugs or alcohol, and the Company is obligated to comply with the requirements of federal, state and local laws.

The following represents the understanding of the Company and the Union concerning the implementation of the Company’s Drug and Alcohol Policy.

1. When, in the opinion of a Frontier supervisor, good reason has been established that an employee may have violated any of the restrictions of the Policy, the Company will require that the observations that result in the requirement for drug and/or alcohol screening be documented in writing by the management employee(s) who make(s) the observations. Good reason to pursue reasonable suspicion testing should be based on first-hand, specific, current observations concerning the appearance, behavior, speech or body odors of the employee. It is not the intent of the Company to require a drug/alcohol screen as a result of a performance problem(s) in and of itself, without the presence of indicators that would cause a "reasonable person" to conclude that the individual could be under the influence of a drug or alcohol. This is to say that a single indicator that could be the result of many different conditions would not be the sole factor that would result in a requirement for a drug/alcohol screening.

2. The Company acknowledges that employees will have the right to Union representation, as provided by the Weingarten decision, during the screening process. The Company has not agreed to representation that is beyond that provided in Weingarten.

3. At the time the specimen is collected, the employee will be provided the opportunity to provide two specimens in separate containers. The second specimen will be properly sealed and maintained so as to be available for re-test at the request of the employee and/or the Union as described below.

4. The Company agrees that the employee who tests positive on both the screen and the confirmation test will have the option to request the additional specimen be released to a certified lab to be re-tested. If there is no second specimen, a portion of the remaining specimen will be made available for re-test. The Company
responsibility for the chain of custody ends when the specimen is released at the
direction of the second testing lab. The Union or the employee must make this
request within ten (10) working days from the date the original test result is provided
to the employee. It is understood that the employee and/or the Union are responsible
to arrange for the test and all associated additional cost. The results of this re-test
will be forwarded to the Company within ten (10) working days from the date the
results are available for consideration by the Company. It is also understood that
in some small percentage of the cases, it is possible that there may not be enough
of the specimen remaining to re-test.

5. It is understood that a decision to discipline as a result of a positive test would depend
on all circumstances surrounding the particular situation and would be based on
established just cause standards.

6. The Company agrees that the drug screen will be “forensic quality”.

7. The Company agrees to provide information to employees concerning the
Employee Assistance Program (EAP) and/or the availability of public and private drug
treatment counseling, rehabilitation and other drug and alcohol abuse treatment
programs.

This Memorandum of Agreement shall become effective on May 6, 2012, and shall
automatically continue in full force and effect.

7. If no settlement is reached during the mediation conference, the mediator shall provide the parties with an immediate advisory decision.

8. The mediator shall state the grounds of the advisory decision.

9. The advisory decision of the mediator, if accepted by the parties, shall not constitute a precedent, unless the parties otherwise agree.

10. If no settlement is reached at mediation, the Union can then proceed with the arbitration process.

11. The decision to arbitrate must be made within thirty (30) days following the mediation conference.
12. If a grievance, which has been mediated, subsequently goes to arbitration, the mediator cannot serve as arbitrator. Nothing said or done by the mediator or by either party (for the first time in the mediation conference) may be used in the arbitration.

13. The mediator shall conduct no more than three (3) mediation conferences per day.

14. The Company and the Union will each pay one-half (1/2) of the mediator's fee and expenses.

15. The Company will pay one-half (1/2) the wages of the grievant or the Steward for time spent participating in the mediation conference.

This Memorandum of Agreement shall expire on May 9, 2020. 1. Frontier North Inc. 9. Termination Pay benefits shall not be made if the termination is the result of any sale or other disposition by the Company of the exchange or office at which the employee
is working or from which the employee is assigned to work, when the employee is continued in the employment of the new management of the exchange or office.

10. Neither the determination of a surplus condition, eligibility for Termination Pay, or any part of Termination Pay or this Memorandum shall be subject to the arbitration procedure of the Collective Bargaining Agreement.

VACATION AND FLOATING HOLIDAY ANNUAL BID GUIDELINES

Frontier North Inc. and International Brotherhood of Electrical Workers, Local Union 723, agree to the following provisions concerning the Annual Bid for full weeks off using Vacation and Floating Holidays. During this annual bid the following process will apply:

1. A vacation scheduling group (“group”) will consist of all employees in a classification within a single reporting location.

2. Floating holidays will be bid in the same manner and at the same time as vacations. All employees must bid five (5) Floating Holidays as a full week.

3. Minimum Monthly Allotment Formula for Annual Bid: The number of weeks the Company will make available for bid during each calendar month of the year being bid will at minimum equal 10% of the total of (a) the sum of the group’s annual allotted vacation weeks PLUS (b) the sum of the group’s annual full Floating Holiday weeks.

   a. Fractions: If this formula results in a fraction, the number will be rounded up or down to the nearest whole number. Fractions ending in “.5” will be rounded up to the nearest whole number.

4. Designation of Weeks Available During Annual Bid Process: Using the minimum number of weeks that must be made available for bid during each calendar month (as calculated under Section 3), management will designate the number of weeks that will be available for bid during each calendar week of the calendar month, subject to the following:

   a. For the purposes of this Memorandum of Agreement, any calendar week (Sunday through Saturday) which begins during the calendar month will be considered to be in the calendar month.

   b. During the annual bid process, management guarantees that a minimum of one (1) week will be available for bid each calendar week in that calendar month, even in the event that the formula in Section 3 does not result in the availability of at least one (1) week available for bid during each calendar week of a calendar month.
c. **Example:** In a calendar month with five (5) calendar weeks, eight (8) weeks of availability per month could be split up as follows:

- First calendar week: one (1) week is made available for bid;
- Second calendar week: two (2) weeks are made available for bid;
- Third calendar week: two (2) weeks are made available for bid;
- Fourth calendar week: two (2) weeks are made available for bid; and,
- Fifth calendar week: one (1) week is made available for bid.

5. After the annual vacation scheduling process and if work requirements permit, requests to reschedule selected vacation/ Floating Holiday weeks, or to schedule any remaining unscheduled Floating Holiday(s), will be granted on a first-come, first served basis.

This Memorandum of Agreement is effective on May 8, 2016, and will expire on May 9, 2020. RESIDENTIAL CALL CENTER REPORTING LOCATIONS

In an effort to provide greater recognition of seniority and additional flexibility in the scheduling of employees in the Residential Call Center located at the West Jefferson facility in Fort Wayne, IN (the “Residential Center”), the parties agree to the following regarding reporting locations in the Residential Center:

1. The Company retains the right to utilize a single or multiple (two (2) or more) reporting location(s) in the Residential Center.

2. Effective March 24, 2013, the Company established four (4) reporting locations for Residential Sales and Service Consultants in the Residential Center, as follows:

<table>
<thead>
<tr>
<th>Reporting Location</th>
<th>Primary Focus</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reporting Location 1</td>
<td>Residential Online</td>
</tr>
<tr>
<td>Reporting Location 2</td>
<td>Residential Empowered Leader Line (“ELL”)</td>
</tr>
<tr>
<td>Reporting Location 3</td>
<td>Residential Customer-Facing Chat (“CRC” or “Chat”)</td>
</tr>
<tr>
<td>Reporting Location 4</td>
<td>Residential Team Lead</td>
</tr>
</tbody>
</table>

Note: The creation of these four (4) reporting locations does not necessarily mean that the performance of any particular type of work performed in the Residential Center will be exclusively reserved to any particular reporting location.

3. **Annual Reporting Location Rebid**: All Residential Center reporting locations will be rebid annually, in order of seniority, by all Residential Sales and Service Consultants in the Residential Center; this annual rebid should be completed no later than October 15 of each calendar year.

   a. Employees who have been disciplined as outlined below within the past 12 months will not be permitted to work in Reporting Locations 2, 3 and 4:

      • Verbal Warning level or higher for a Conduct infraction
• Written Warning level or higher for Total Job Performance (TJP) infractions

• Written Warning level or higher for an Attendance infraction

I. To the extent an employee in Reporting Location 2, 3 or 4 is disciplined for a conduct infraction, total job performance, or attendance, the employee will be moved to Reporting Location 1 as soon as administratively feasible. Should the Company determine it is necessary to replace that employee in his/her original reporting location, the Company will rebid that reporting location position, in order of seniority, among all eligible Residential Sales and Service Consultants in the Residential Center.

b. The effective date for movement from one (1) reporting location to another as a result of an annual reporting location rebid may vary, but will generally fall near the beginning of January of each calendar year.

c. Upon completion of the annual reporting location rebid, vacation schedules for the calendar year under consideration will be bid in accordance with the Collective Bargaining Agreement.

4. Changes to Reporting Location Structure: Reporting locations may be combined, added and/or eliminated at any time and as determined necessary by management based on management’s assessment of the needs of the business.

a. Should there be a need to combine, add, and/or eliminate reporting location(s), the Company will give the Union 30-day’s notice prior to implementation of the new reporting location structure.

b. To the extent seven (7) or more employees are affected by the new reporting location structure, the Company will conduct a general rebid of all reporting location(s) in the Residential Center.

5. Should it become necessary for the Company to temporarily assign one (1) or more employees from one (1) reporting location to another, such reassignment will be considered a schedule change and such schedule changes will be administered in accordance with Article 16, Section 16.2.

This Memorandum of Agreement is effective retroactive to May 8, 2016, and shall expire on May 9, 2020. The parties specifically agree that the terms and conditions set forth in this Memorandum of Agreement shall also terminate on May 9, 2020, and shall not survive the expiration of this Memorandum of Agreement unless agreed to by the parties in writing.

NETWORK PROVISIONING TECHNICIAN – SUPPORT

This Memorandum confirms that Frontier North Inc. (the “Company”) and International Brotherhood of Electrical Workers, Local Union 723 (the “Union”) have agreed the new job title of “Network Provisioning Technician – Support” will be placed on Wage Schedule 11 of Appendix 2 to the MIFA # 2 Collective Bargaining Agreement (the “CBA”).

At the present time the Company’s best good faith estimate is that the Company will initially post up to 10 Network Provisioning Technician – Support vacancies. In order to ensure the successful establishment of this new function, it is critical that these initial vacancies be filled with qualified individuals with experience in circuit testing and circuit provisioning. These initial vacancies will be staffed from experienced existing employees who bid on the vacancies and who meet all qualifications set by the Company. In making these selections, the Company will consider the employee’s seniority but reserves the right to make designations on its determination of the employee meeting its qualifications. To the extent an insufficient number of experienced employees bid on and meet all qualifications set by the Company for these initial positions, the Company may choose to fill the vacancies with external candidates who meet its qualifications.

The parties understand that the requirements for any future vacancies in this title may vary from the qualifications set by the Company for the initial vacancies.

This Memorandum of Agreement (“MOA”) is effective on November 1, 2015, and will be incorporated into the CBA as a new subsection of Exhibit 1 in the CBA.
